Dr. Melanie Calender, Assistant Superintendent
Mr. Nathan Wertsch, Chief Financial Officer

January 3, 2018

To the Parents of all Non Public Students,

Inclement Weather:

If your school is running on a 1 or 2 hour delay and Warwick is not, there will be no transportation for your student in the a.m., however Warwick will provide transportation in the p.m. If your school is running on a 2 hour delay and Warwick is running on a 1 hour delay, there will be no transportation for your student in the a.m., however Warwick will provide transportation for your student in the p.m.

If Warwick is closed due to inclement weather and your school is open, transportation is not provided a.m. or p.m. for your student.

If Warwick closes early due to inclement weather, your student's non-public school will be notified what time buses will arrive for pick up at your student's school.

Calendar Days:

If your school has an early dismissal listed on their school calendar, no transportation is provided in the p.m.

If Warwick is closed on their school calendar and your student's non-public school is open (and it is not an inclement weather day) your student will need to be transported by their parent to the circle at Warwick HS. From there, busing will be provided to their appropriate school. P.M. transportation remains the same.

If you should have any questions, email is the best method of communication. Please feel free to contact me at jgrove@warwicksd.org.

Thank you,

Jennifer Grove
Transportation Director
Warwick School District
