

Public Statement
from the Warwick Board of School Directors
and
Dr. April Hershey, Superintendent of Schools

The Warwick Board of School Directors and Dr. April Hershey have mutually agreed that Dr. Hershey will end her service as the District's Superintendent of Schools, effective June 30, 2024. Dr. Hershey approached the School Board leadership about ending her employment contract early in order to pursue other career opportunities, and the parties amicably entered into this Agreement to allow that to happen.

Dr. Hershey admirably served as Warwick's Superintendent for 15 years and demonstrated throughout that tenure her commitment to serving our students and staff in all District programs. The Board wishes Dr. Hershey well in her pursuit of the next chapter in her career.
